

## **Thank You for Coming to the Table**

It was such a pleasure to enjoy a Jacques Pépin Foundation Home Cook Gathering with you. Your presence made the event truly meaningful.

Sharing a meal is a wonderful reminder of how food can create connection, spark conversation, and bring people together around the table.

Together, with the Jacques Pépin Foundation, we are part of a growing movement, one that celebrates cooking, learning, and the joy of gathering with others.

I'm already looking forward to the next time we can share an evening like this together. Thank you for joining me!
